InterCots™
Powderfree Latex Finger Cots

Product Description

Powderfree latex finger cots are made of 100% natural latex. These cost-effective finger cots provide excellent protection from skin salts, flakes, oils, and other particulates.

Chlorinated and washed powder-free, these cots are ideal for use in small parts handling where a full glove is not needed

Features

- 100% latex rubber
- Chlorinated powderfree
- Less latex and ammonia odor
- Packed under the controlled environment

Application

- For use in a controlled environment, where the high level of contamination control is not required
