

PRODUCT DATA SHEET

800g Polycotton Knitted Gloves

Upgrade your safety gear with 800g Polycotton Knitted Gloves, designed to withstand tough conditions. These gloves offer excellent abrasion resistance and are ideal for heavy-duty tasks.

Key Features:

- **Comfort and Dexterity:** Made from 7-gauge T/C material, these gloves ensure a comfortable fit and precise movements.
- **Highly Durable:** The cotton-polyester blend offers exceptional abrasion resistance, perfect for demanding tasks.
- **Versatile Use:** Suitable for a wide range of applications, from industrial work to heavy-duty projects.
- **Universal Fit:** Designed to fit most hands comfortably, eliminating the need for different sizes.
- **Bulk Packaging:** Available in packs of 50 dozen per bag, ideal for large-scale needs.

Benefits:

- **Enhanced Performance:** The durable material blend provides excellent grip and control, improving task efficiency.
- **Long-lasting Protection:** These gloves are designed for extended use in harsh environments, offering reliable protection.
- **Cost-effective Solution:** High-quality gloves available in bulk packaging provide great value for money.

Choose SAFETYWARE Gloves for superior protection and comfort in every task. These gloves are perfect for heavy-duty work, ensuring safety and performance in challenging situations.
